IMPACT: State

Summary of Legislation: This bill specifies requirements related to use of a curriculum as a condition of eligibility for federal Child Care and Development Fund (CCDF) voucher payments.

(The introduced version of this bill was prepared by the Committee on Child Care.)

Effective Date: July 1, 2013.

Explanation of State Expenditures: *Division of Family Resources:* This bill establishes new requirements for child care providers as a condition of receiving CCDF voucher payments. The Family and Social Services Administration (FSSA) reports the DFR currently annually inspects child care providers who receive CCDF voucher payments to ensure they meet requirements in current law. If this bill increases the number of child care providers found in noncompliance, it is expected to increase DFR workload to reinspect child care providers for compliance. The FSSA reports the increases in workload will be absorbed under current staff and resource levels.
